

Dokkyo Medical Journal (DKMJ)

CONTENTS Vol. 2, No. 3 September 2023

Review Articles

Recording Methods of Neuronal Cell Activity Using Microelectrodes Teruyuki Fukushima et al. .. (183)

Inherited Renal Tubular Disorders of the Distal Nephron: Implications for the
Pathophysiologic Mechanisms of Blood Pressure and Water/Electrolyte
Homeostasis Abnormalities..... Tatemitsu Rai... (193)

Original

Parvalbumin-positive Neurons in the Mouse A8 Region were
Lesser than those in the Rat..... Tsuyoshi Yamaguchi et al. .. (204)

Case Reports

Total Neoadjuvant Therapy for Rectal Cancer: the Case Report..... Keisuke Ihara et al. .. (212)

Giant Tumefactive Perivascular Spaces with Obstructive
Hydrocephalus: A Case Report..... Takuma Sumi et al. .. (217)

Nasal Bleeding from a Ruptured Aneurysm of the Internal
Carotid Artery Treated with Endovascular Coil Embolization Hikaru Sakamoto et al. .. (222)

Pulmonary Metastasis from Renal Cell Carcinoma Noted
during Resection under Artificial Cardiopulmonary Support
Showing Intra-atrial Extension into Left Atrium..... Satoru Kobayashi et al. .. (228)

A Case of Inflammatory Demyelinating Disease of the Central
Nervous System Presenting with Clinical Manifestation of
Multiple Sclerosis Following SARS-CoV-2 mRNA Vaccination..... Yuta Kato et al. .. (232)

A Case of Idiopathic Scoliosis with Intraoperative
Neurophysiological Monitoring Abnormalities Leading to the
Diagnosis of Charcot-Marie-Tooth Disease 1B..... Kyoko Numahata et al. .. (245)

Correspondence

Far Infrared Dry Sauna (Waon) Therapy May Be Applicable
for Preventing the Aggravation of COVID-19 Shigeru Toyoda et al. .. (251)
